Rubber must face plastic when installing M6 Sealing Washer

4x M8-1.25 x 20mm Lg. BHCS

Disregard any remaining hardware

Use hand tools only when assembling.

Do not use power tools.
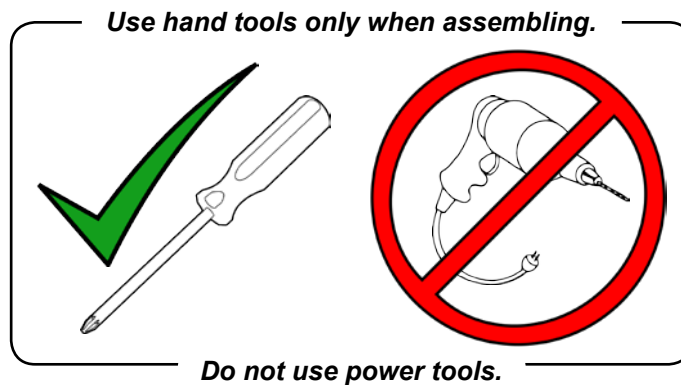

⚠️ When assembling, **do not tighten hardware completely.** ⚠️

Windshield Cleaning:
- Do not use a dry cloth, or your hands, to wipe off Windshield; Scratching will occur.
- Do not use window cleaning fluids (Windex, 409, etc) or any solvents (gasoline, denatured alcohol, acetone, etc).
- Never use abrasive cleaners, abrasive pads, or gritty cloths.
1. Thouroughly rinse Windshield to float off dirt and mud.
2. Using a soft cloth, or microfiber cloth, clean Windshield with warm water and a gentle detergent. Baby shampoo or hand washing soap are recommended.
3. To prevent water spots, use a chamois and blot Windshield dry.

Reference only; do not assemble completely at this time.

Install Seal to Windshield (A) as shown:
seal shown off for clarity only.

To ease installation, soak Seal in hot water before cutting or installing to increase flexibility.
