WARNING: This product can expose you to chemicals including Lead which is known to the State of California to cause cancer birth defects or other reproductive harm. For more information, go to www.P65Warnings.ca.gov

SPECIAL NOTES:

- This Oil Filter Cover is designed to work with OEM and most aftermarket oil filters. See website for most up to date filters that are compatible.
- This part fits all 2015+ WRX and 2013+ BRZ/FR-S/86/GR86 but can work on all other FA and FB engines if the shorter oil filter (Subaru PN 15208AA130) is used.

Parts Included With PERRIN Oil Filter Cover

- (1) PERRIN Oil Filter Cover w/ O-rings installed

Installation Procedures

1. Apply a small amount of grease (or engine oil) to O-ring.
2. Place PERRIN oil filter cover over oil filter, and push down until the O-ring isn't visible anymore and cover stops on engine.
3. Each oil change, apply a small amount of oil or grease to O-rings. This will allow cap to come off easier during future oil changes.
