

## Billet Universal Wire Looms

#69520 / #69523 / #69528 / #69529

Use the application guide below to determine the appropriate mounting tab locations for your engine.

Chevy	Head Type	Use Holes	Ford	Head Type	Use Holes
Small Block	Aluminum Head [Late]	2 & 5	Small Block	289/302/351W	3 & 7
Small Block	Cast Iron Head [Late]	2 & 6	Small Block	351C/351M	2 & 9
Small Block	Cast Iron Head [Early]	2 & 6	Big Block	429/460	1 & 8
Big Block	Most Applications	2 & 7	FE Block	332/352/360/410/427/428	1 & 4

**IMPORTANT:** For center bolt [Late Model] applications, our late model bracket kit (#69600) must be used.

**#69528 [Flame]:** Flames will point towards the front of the engine on Ford applications.
