

Installation Instructions

Under Seat Storage
Ford F150 Crew Cab (2015-2022)

FIT-USS002

EGR Under Seat Storage is designed to fit specific vehicle makes/models without the optional factory rear storage compartment. Do not use harsh chemicals when cleaning your Under Seat Storage, only use mild soap and water. Test a small area for discolor before cleaning the entire tray.

Hardware Included	QTY
EGR Storage Tray	1

Installation Instructions

Under Seat Storage
Ford F150 Crew Cab (2015-2022)

FIT-USS002

STEP 1: Lift up factory rear seat and clear out any loose items/debris.

STEP 2: Set the storage tray in place centering between the seat posts. Ensure the tray is not resting on the seat posts, bench seat may not be able to fully close.

STEP 3: Fold the factory rear seats down and installation is complete. Enjoy your new EGR Underseat Storage Tray.
