

# FERRARI 458 SPIDER CARBON ENGINE GLASS HOOD

How you receive the hood:

You receive the hood UNPAINTED

**What you have to do BEFORE PAINTING:**

Install the hood on the car and file all the edges to make sure all the lines are the same size, make sure the hood's lines are following the lines on the car

Make sure all the line are the same size with the hood on the car

**ONLY AFTER THIS PROCESS** you can paint the hood

After the painting install the glass and the grills on the hood

Use the original FERRARI emblem

Now you can install the hood on your car  
Follow the included instructions to install the GPS antenna
